Project Plans and Need for Additional Funding

Project Overview

We're adding an additional 444 sq. ft. to the east end of our existing library structure. This area will be used for children and youth activities. Currently we serve approximately 50 young people monthly. We'll be adding programs to our calendar which include Movie Madness, Story Time for three-year-olds through third graders, computers, Wii games, art classes and much more.

With the added space gained from this addition, the library is planning a wireless station, a larger Young Adult area, increased shelf space for additional book titles, along with new carpeting for the center of library and the parking lot will be re-surfaced. But, most importantly, the library's electrical will be upgraded from a 100 amp service to a 400 amp service.

Project Schedule

Plans have been approved and construction will begin December 15, 2009. Please stop by the library for an enlarged and detailed drawing of the plans printed on the back of this brochure.

Unexpected News

We received an email this week from the Arizona State Library stating that the 2010 SGIA Construction Grant we had been approved for will not be awarded until after our State Legislature has adopted a 2010 budget and the State Library knows its state allocation and ability to fund the grants it has approved. We've received such a positive response from parents and patrons about our expansion project that we want to give our patrons a chance to contribute to this project and thereby make up for the shortfall caused by our State Legislature.

Support Levels

Customized plaques will be hung in our new addition listing names of persons who donate according to the following categories:

Gold Patrons: \$1,000 or more

Silver Patrons: \$500 to \$999

Bronze Patrons: \$100 to \$499

Patrons: Any amount to \$99
